To,

Mr. Dayashankar Singh

Associate Professor

Department of ITCA

MMM University of Technology Gorakhpur

Subject: Social Innovation Award for introducing Tele Medicine Model in rural areas.

Dear Sir,

With great pleasure we wish to confer the “**Social Innovation Award**” to you for your innovative work in the field of bringing improved healthcare to the less privileged segment of the society. Your concept of bringing in a digital healthcare platform while connecting every family at the grassroots level with various NGO's allows for proactive health monitoring and guidance to a larger section of population that do not have great access to healthcare.

Your contribution is not only providing the innovative idea but also guidance in implementing this is greatly valued and will make this a successful model for continued adoption across the country.

Kind Regards,

Kanchan Jaiswal

Director

HealthOK Seva Foundation
