## About MMMUT, Gorakhpur

Madan Mohan Malaviya University of Technology, Gorakhpur has been established in year 2013 by the Government of Uttar Pradesh in the form of a non-affiliating, teaching and research University after reconstituting the Madan Mohan Malaviya Engineering College, Gorakhpur which was established in 1962. Fifty four batches of students have entered its portals to emerge after four years of rigorous education under the tutelage of some of the most venerable teachers, engineers ready to face the world and create new worlds.

## About the Workshop

This workshop focuses on Energy management aspect of smart cities. Smart cities envisions on using green energy and for that purpose energy optimization is very important to reduce wastage of energy. With the help of forecasting techniques, optimization algorithms and smart connections between energy using and storing devices we can create an energy network that can fulfill the goals of smart city.
