To,

The Registrar

M.M.M. University of Technology

Gorakhpur

31st December, 2014

Respected Sir,

We offer to impart practical job oriented training to five students of mechanical engineering of M.M.M. U.T. This training will be of two months duration and will immensely benefit those students who aspire to become entrepreneurs or join manufacturing /auto industries.

The students must be willing to work 12 hour a day (8 hrs on the machine and 4 hrs studies, lectures, discussions etc). Students will be paid Rs 6000/p.m. as stipend during this training.

Focus of the training will be on following aspects:-

- Reading of drawings
- Deciding the most economical manufacturing processes required to produce a part and the right sequence of processes.
- Calculating optimum manufacturing process time for a part.
- Inspection of parts using conventional instruments and C.M.M (Coordinate Measuring Machine).
- Gaining knowledge about manufacturing of Jigs. Fixtures and receiver Gauges.
- Knowledge about commonly used materials.
- C.N.C Programming.
- Opportunity to visit manufacturing facilities of our customers.

Sir, we request you to instruct the interested students to mail their resume to us at ceo.hitools@gmail.com

Assuring you of our determination to make this engagement a highly memorable and rewarding to students.

Wishing a very happy new year to entire Malviyan community.

With warm Regards,

Rakesh Sharma
