About University

Madan Mohan Malaviya University of Technology, Gorakhpur has been established in year 2013 by Govt. of Uttar Pradesh in the form of a non-affiliating teaching and research university after reconstituting the Madan Mohan Malaviya Engineering College, Gorakhpur which was established in 1962.

Fifty batches of students have entered its portals to emerge after 4 years of rigorous education under the tutelage of some of the most venerable Teachers, Engineers ready to face the world and create new world. The University is located in the Gorakhpur - Deoria road about 9 Km away from Gorakhpur Railway Station. In addition to UG in Civil Engineering, Chemical Engineering, Computer Science & Engineering, Mechanical Engineering, Electrical Engineering and Electronics & Communication Engineering, University also offers MCA, MBA and M. Tech and Ph.D. courses. in various specializations.

Short Term Course On

ADVANCES IN DESIGN & MANUFACTURING

(ADM-2016)

(Sponsored by TEQIP II)

July 04 -10, 2016

Organized by

**Mechanical Engineering Department
Madan Mohan Malaviya University of
Technology**

Gorakhpur-273 010, (U.P.) INDIA

Established by U.P. Government Act no-22 of 20

(Formerly Madan Mohan Malaviya Engineering Co

About the Department

The Department of Mechanical Engineering, established in the year 1962, is imparting quality education to the students in the field of Mechanical Engineering through its Undergraduate programme. The department also runs Post Graduate programmes in Computer Integrated Manufacturing and Energy Technology and Management. The alumni of the department are today occupying highest positions in a large number of Governments, semi-government and private organizations in the country and abroad. The laboratories of the Department, which are modernized from time to time, are well equipped to cater to the research and development. The Department is now equipped with Flexible Manufacturing System procured under the TEQIP-II scheme.

Objective of the Course

The primary objectives of the course are as follows:

- Exposing the participants to different design aspects and their uses in the manufacturing field.
- Providing exposure to advances in design and manufacturing problems and their solutions.
- Enhancing the capability of the participants to make research abilities in the design & manufacturing applications by using different latest expertise.
- To make them up to date in the latest developments in the field of Design & Advanced Machining Processes.

The resource persons for the STC shall be the faculty of the eminent speakers from IIT's / NIT's, Institute itself, along with persons from the Industries.

Address for Communication

Applications are invited from interested researchers from academia, R&D laboratories, and industries for the participation in this short term course, in the prescribed registration form as indicated in this leaflet. Completed registration form should reach to the coordinator on or before **30th June, 2016** to the address given below. The applicants are also requested to send a scanned copy of the complete registration form by e-mail to:

stc.me2016@gmail.com
