

## *From Vice Chancellor's Desk*

It gives me great delight to know that Academic Section of the University has taken this initiative and come up with a bound volume of Ordinances, Curricula and Syllabus for undergraduate courses being run in the University.

Madan Mohan Malaviya University of Technology, Gorakhpur is a non-affiliating, teaching and research University established by U.P. Government after reconstituting the erstwhile Madan Mohan Malaviya Engineering College, Gorakhpur which was established in 1962. As the first Vice Chancellor of University, I am privileged to share that since its' humble beginning on December 1, 2013 the University had modelled its' academic framework with the aim to increase student engagement and give ample opportunities of promoting self learning, creativity, innovation, project based learning while imbibing all essential ingredients for transforming its' students into a holistic technical professional. Ordinances have been drafted with enhanced focus on continuous evaluation and choice based credit system for improving the quality of technical education through a compelling, transparent, accountable and congenial teaching-learning ambience.

It is a commendable job of compiling all academic information relevant to students at one place which I am sure will be very useful to the students, teachers and all concerned in technical education.

I wish the publication all success.

Jai Hind !

Prof. Onkar Singh  
Vice Chancellor
