MALAVIYA SHIKSHA NIKETAN

Education is one of the most powerful weapons in fighting poverty and all other social stigmas. It is certainly a way to a life of fulfillment. However, many families in India lack substantial educational infrastructure for their children and the issue becomes a greater reason of concern for a girl child and many others. To combat this lacking opportunity phenomenon for many nearby children, Malaviyan students of Batch 2015-19 founded the Malaviya Shiksha Niketan.

Niketan has now become a place of education for over 70 less-privileged children where they learn not just at academic front but it is made sure that moral education becomes a daily constituent of their daily learning.

FOUNDED: 25 JANUARY 2018

TOTAL NO. OF STUDENTS: 76

TOTAL NO. OF VOLUNTEERS FOR TEACHING: 9

Malaviya Shiksha Niketan became what it is when about 8 students of Electrical Engineering Batch 2015-19 took the initiative to teach non-school going children from the nearby places of Malaviya Nagar and those living in the campus itself. It does not provide full fledged school education (certificate etc.) but only educational guidance.

The **objectives** of the Shiksha Niketan are:

1. To provide the opportunity of education to non-school going students
2. To provide educational assistance to school going students
3. To build students morally by involving them in different extra co-curricular activities conducted every Sunday.
