'The first step towards change is awareness.'
The WHO estimates that a country requires blood units equal to 1% of its population— a standard India has never met, even before the epidemic kicked off...

We at BloodConnect are recognizing 1st-30th June as ABCD: The Anybody Can Donate Blood Campaign, in the context of World Blood Donors Day celebrated on 14th June. Under this purview, we are proud to announce our collaboration with NSS Madan Mohan Malaviya University Of Technology for conducting a Session on Blood Donation Awareness.

Through this campaign we seek to understand the need for blood donation, its acute shortage in India, busting myths related to blood donation but most importantly inculcating in the youth of this country healthy blood donation habits.
