

About ICRAEE-2025

International Conference on Recent Advances in Mathematics & its evolution in Engineering (ICRAEE-2025) is an international forum for mathematicians, scientists and engineers to present their latest research development in the area of applied and pure mathematics and their possible advanced applications in real life. We are here discussing the recent trends in Mathematics have what it takes to prepare and support modern engineering as they have for decades

About MMMUT, Gorakhpur

Madan Mohan Malaviya University of Technology Gorakhpur has been strategically built (2013) on the legacy of success presented by MMM Engineering College, Gorakhpur in providing quality education. In addition to UG in Civil Engineering, Chemical Engineering, Computer Science & Engineering, Mechanical Engineering, Electrical Engineering and Electronics & Communication Engineering, Information Technology, University also offers MCA, BBA, B. Pharma, MBA, M. Tech, M.Sc. and Ph.D. courses in various specializations. A large number of reputed Industrial houses in the country visit the Institution and select the final-year students as Engineers/ Management Trainees. As one of the progressive Technical Institute, the Institute is responsible for providing high quality education in Engineering, Technology and Sciences to produce competent technical and scientific manpower for the country.

About Department (MSCD)

The Department of Mathematics and Scientific Computing (MSCD) attained its present status of an independent department on 22nd June 2019. Prior to this, the department was constituent part of the Applied Science Department, established in 1962. The department is committed to imparting the effective teaching and quality research work in different areas of Mathematics and Scientific Computing. Presently department offers M.Sc. Mathematics (Specialization in Computing) and Ph.D. in Mathematics. Besides this, the department also offers various courses of Mathematics to Undergraduate and Postgraduate students of different Engineering, Science and management Departments of the university.

OBJECTIVE OF THE CONFERENCE

The conference aims to bring together researchers, scholars, and experts from around the world to discuss and explore cutting-edge developments in various areas of mathematics. Its aims to foster collaboration, share knowledge, and address contemporary challenges in mathematical theory and applications, focusing on advanced topics and emerging trends in fields such as pure mathematics, applied mathematics, and interdisciplinary areas where mathematics plays a critical role.

all major cities Lucknow (270 KM), Varanasi (197 KM) and Patna (220 KM). Direct flights are also available from New Delhi, Kolkata to Gorakhpur. The MMM University of Technology is situated on Deoria road about 9 Km from Gorakhpur Railway station and 5 Km from the Gorakhpur airport.

Conference Topics

1. Fluid Mechanics
2. Water Waves
3. Algebra
4. Operations Research
5. Integral Transform and calculus of variations
6. Wavelet transforms
7. Statistics
8. Integral Equation and harmonic analysis
9. Differential Equation
10. Computation fluid dynamic
11. Number, Fuzzy and operator theory
12. Applied Physics
13. Real & complex and functional analysis
14. Computer science and Graph theory
15. Geometry, tensor & topology
16. Theory of relativity
17. Mathematical Biology and finance
18. Mathematics of Machine Learning
19. Numerical Analysis and Scientific Computing
20. Emerging Interdisciplinary areas of mathematics

Any other equivalent interdisciplinary areas of Mathematics.
